**Public Notice
May 24, 2010**

**Wastewater Treatment Facility Modification Project - DEP Order - ACOP
Miles River Middle School and Regional High School**

Dear Students, Parents, and Community Members,

We are writing to inform you that the modifications to the Miles River Middle School and Regional High School Wastewater Treatment Facility will commence on Tuesday, June 1, 2010.

You will recall that the modifications for the wastewater treatment facility are required by the MA Department of Environmental Protection (DEP). In order to meet the DEP compliance date of September 1, 2010 and to open school on August 30th, the contractor must begin work on June 1, 2010 and complete the project by August 15, 2010.

Therefore, beginning June 1, parking on the MRMS and RHS Campus will be restricted because the contractor will be on site to install erosion control and security fencing in preparation for the construction work. Specifically, we will lose access to approximately 95 parking spaces in the upper parking lot area (primarily used by students) since the scope of the work is under the paved lot.

Students with parking permits and parents attending evening and end-of-the-school year activities will have to park in areas other than the upper "senior" parking lot. The spaces available for parking on the MRMS/RHS Campus include:

- High School staff and visitor parking lot
- High School student parking in front of the High School
- Middle School parking lot – all spaces

A map of the MRMS/HS Campus highlighting the work area and available parking spaces is posted on the middle and high school websites for your convenience. If you need assistance, please contact either the high school office (978.468.0400) or the business office (978.468.5310 x3)

We thank you in advance for your support and understanding as we complete this important project.

Sincerely,

Marinel D. McGrath, Ed.D.
Superintendent of Schools

Paul P. Szymanski
Assistant Superintendent – Finance/Administration
